Re: State Mineral Leases  
Sec. 16, T13S R12W  
Sec. 32, T12S R12W

ALT 023/003

Dear Mr. Lindsay:

We have reviewed your letter of March 29, 1977 in which you recommend an archeological field survey of the proposed Brush Wellman beryllium mines in the Topaz Mountain area.

It is our understanding that this survey work should be done by your office at your Division's expense. If you plan on doing a survey of the areas in question, we suggest that this be done as soon as possible as this company plans to begin active mining operations on section 32, township 12 south, range 12 west, in approximately 10-12 months, and anticipate active mining on section 16, township 13 south, range 12 west in the future.

Very truly yours,

DIVISION OF OIL, GAS, AND MINING

BRIAN W. BUCK  
ENGINEERING GEOLOGIST
